To: References for Resident Assistant Applicants

From: Jess Bentley, Director of Residence Life

On behalf of the Department of Residence Life, thank you for agreeing to provide a reference for a Resident Assistant applicant. A reference form is attached for your thoughtful consideration and completion.

A Resident Assistant (RA) lives in a house unit of approximately thirty-fifty students. The RA serves as a peer mentor and advisor to residence hall students, both individuals and groups of students. She/he assists in the administrative operations of the residence hall community, helps to enforce residence hall and University rules and regulations and provides information about University services and resources. The RA plays an integral role in helping students understand the importance of celebrating the rich diversity of people who live in our society, on our campus, and in our residential communities. The RA is also charged with stimulating an environment where educational, service, diversity, social, and recreational programs and activities in the halls occur on a regular basis. The RA plays an integral role in the academic success of students. RAs encourage students in their communities to apply the material from their classes to their experiences in residence and other areas of their lives.

The selection process for Resident Assistants is quite competitive, so we respectfully request your careful consideration of the areas addressed on the reference form. Please feel free to use additional pages if necessary. If you do not feel qualified to address the skills of the candidate, I would encourage you to express this to the candidate.
